

JOB VACANCY

Accountant

ROLE

- Do hands on accounting including Bookkeeping, Monthly Management Reports and Unaudited Financial Statements preparation using technology for efficiency.
- Learn Xero implementation and add-ons integration for Xero for areas such as payroll and expense claims management
- Ensure timely delivery, manage expectations, and ensure client satisfaction

The new team member must possess the following skills:

- Sound technical skills in SFRS and Singapore taxation.
- Strong written and oral communication skills
- Tech savvy and adaptable to a start-up environment.
- Enjoys serving multiple clients, and people oriented.

QUALIFICATION

- Graduate degree in Accounting or Professional Certification from CA Singapore, ACCA, CPA Australia (qualified or trainee)
- 2 to 4 years Singapore work experience
- Experience in an accounting/outsourcing firm is a plus.
- Functional understanding of Singapore's tax system including Corporate Tax, and GST

This role is ideal for an accountant who is interested in serving the exciting technology startup landscape and has an aspiration to move up within an nimble accounting organisation with minimal hierarchy. You will be mentored on an ongoing basis by a CPA Australia member. You will have broad exposure in terms of clients, types of services and get to work in a friendly, collegial atmosphere with a good work life balance.
